

Sensus Report

Session – 2016-17

OBJECTIVE:

The society of Civil Engineers under the name of “Sensus” is a non-profit organisation which plays an important role in developing new ideas for improving the civic life of society by using engineering concept. Broadly a civil Engineer is expected to do planning, research, design and construction of buildings and roads; traffic and transportation, irrigation and power, water supply and sewage disposal, dam and reservoirs, ports and harbours, airways and navigation, treatment of industrial wastes and abatement of air pollution and disaster mitigation. Sensus provides platform to showcase and sharpen student's talents through a variety of events and activities planned throughout the year.

EVENTS HELD :

1. NEEV 2016

An annual presentation competition NEEV as inter department activity is held wherein students explore their orator as well as presentation skills . This competition always provide students the platform to open themselves on the front in order to showcase their verbal qualities with technical presentation , The presentation is followed by question and answers by jury, faculty and students which ultimately give them the confidence to do better in their professional growth.

Winner – Shubham Kumar Mishra (TTCE)

I runner up – Abhishek Dangwal (STCE)

II runner up – Rajbeer Rothan (STCE)

2. TRI-TECH

The whole event mainly focussed on the three abilities of students, perception, mental and orator ship , having three rounds , through this event students mainly got their hands on the three utmost important aspects for a “true” professional personality.

Winner – Vishal Sharma (TTCE)

I runner up – Rahul Sharma (TTCE)

II runner up – Abhishek Kumar (STCE)

3. CAD BUZZ

The very first **INTER COLLEGE EVENT** held by Sensus, this event invited the participants from over 9 colleges and happened to be successful one with good number of groups participating in the “AUTOCAD” drafting competition . Students have been given the plan of any functional building in which they have to make the plan on a drawing sheet and then drafting the same on 2D autocad followed by quiz .

Winner – Adarsh Kumar- HITECH

Anshu Singh - HITECH

I runner up –Sarfaraz Ahmad Hashmi(TTCE)-MGM

Md. Amir(TTCE) -MGM

II runner up –Rishabh - ABES

Navendu - ABES

4. WORDPLAY

The whole event mainly had a focus on the vocabulary for enhancing the linguistic skills of students. The students had a good time exploring their skills on the different rounds. The whole event was divided into here rounds with first round for recognizing the words , second round for forming the sentences and last round for verbal communication skills.

Winner – Vivek Maurya (BTCE)

I runner up – Shoaib Akhtar Ansari (STCE)

II runner up – Lakshay Chittauria (STCE)

Sensus has organized the good number of events with proper anticipation of students and support of faculty and staff of the department. Throughout immense support of head of department Mrs. D. Durgesh Nandini for organizing all the events successfully is commendable . The innovative , planning and organizing technical team of the group always had their full hands on giving the extra efforts wherever and whenever required.
